"Der boss" president and his team of St. Louis misfits will be here to-day for a series of three games. The Browns have proven to be an easy thing all along the line this season, and the Senators will try to keep up the work of pushing a good thing along. On their last visit to this city Schmelz's men took them into camp for three straight games, and there is no reason why they should not duplicate the performance this trip. Mercer and Mc-Guire will be in the points for the Statesmen, while it is probable that Chris, will put his golden-haired star, Breitenstein, in to pitch for the Browns. .

The patrons of National Park this afteron will be gratified in two ways. They will witness the initial appearance in a Washington uniform of fleet-footed Tom Brown in right field, and will have the additional pleasure of seeing the reappearance in the National League of that peer of um pires, Tim Hurst.

In his game against the Reds at Baltinore yesterday M. Mahon scored his third shut-out since his return to the ranks. Hite Peckham has been disappointed again Colonel Bill Harding has notified the Eureka Club that Jack Everhart is going South, and that he will match with no one for the present. Peckham is anxious for a go, and he doesn't seem to care much whom he tackles.

This is the night set for the go between George Godfrey and Joe Choynski before the Suffolk Club of Poston. It will be a lively affair, no doubt, with the chances in favor of Choynski.

The defeat of Jack Skelly by Frank Erne has again set the latter to talking about a go with George Dixon. That this pair is doomed to come together before long seems to be a certainty, and when they do a rapid mill will surely follow.

Joe Bateman seems highly pleased with his prospects for another meeting with Johnny Glynn. Bateman has never been satisfied with the decision given Glynt over him in a former bout. He believes be is better than the Wilmington lad.

The offer of Corbett to back Charley Mc-Keever, of Philadelphia, against Valen-tine, the English lightweight, may as likely as not bring on a mill between the pair. Valentine came here for the purpose, so he says, of doing battle with the American champion of his class for the world's champiouship. He will not be boxing for nship if he meets McKeever. He may, however, take the Quaker on while waiting for a more famous game.

While the Florida Athletic Club lets on that it is entirely satisfied that there will be nothing in the way of pulling off the Cor-bett and Fitzsimmous mill at Dallas, they propose to test the matter, so as to make sure of it. They claim that after September I there will be no law in Texas, that will stop boxing. They will hire a pair of purilists, engage them in a fight, have them arrested, and wait to see what will be done with them.

George Dixon, the colored featherweight boxer, at Boston, was given the decision last night over Johnny Griffin, at the end of the twenty-fifth round.

Both men were in good condition at the close of the contest, and the fight should have been declared a draw, as it was ap-parent that Griffin was far from being tested and had lots of fight left in him when the referee gave the fight to Dixon. The seventh round was the most terrific of the fight, both men doing lively work. Dixon made an aggressive fight throughout, and Griffin surprised his friends by the way he took his punishment. Over 3,000 people witnessed the fight.

Joe Choynski, the light heavy-weight champion, is to meet George Godfrey in a tweffly-round glove contest before the Suffoik Athletic Club, of Boston, to-morrow night. Joe is confident of winning.

LEGAL FIGHT AVOIDED.

Atchison Road Sale Will Not Take Place.

Chicago, Aug. 28 .- What threatened to e a hot legal contest was settled yesterday by the withdrawal of the intervening petition of the Chicago Elevated Terminal Railway in the application for the sale of the Atchison under the reorganization plan. The Elevated Company protested against the sale of the part of the Atchison east of the Missouri, and had the papers all pre-pared in attachment suits for debt in case there was any chance of its protest not being honored. The withdrawal ended all opposition to the decree, which was granted yesterday in Leavenworth.

A settlement was burriedly made during he day with Gen. J. T. Torrence, presi dent of the Terminal Company. He declined to mention the terms of the settlement, simply saying it was made in cash and was perfectly satisfactory to him. He had wired Judge Springer to withdraw the original suit and not to file the new ones.
